

Exchange Visitor DS-2019 Request: Verification of English Proficiency

State Department regulations 22CFR§62.10(a)(2) Selection of exchange visitors. Sponsors must establish and utilize a method to screen and select prospective exchange visitors to ensure that the exchange visitor possesses sufficient proficiency in the English language, as determined by an objective measurement of English language proficiency, successfully to participate in his or her program and to function on a day-to-day basis. A sponsor must verify an applicant's English language proficiency through a recognized English language test, by signed documentation from an academic institution or English language school, or through a documented interview conducted by the sponsor either in-person or by videoconferencing, or by telephone if videoconferencing is not a viable option. The State Department has reminded sponsors to retain evidence of how they measured applicants' English language proficiency so that it may be made available to the Department upon request.

To be completed by the George Mason University host faculty member who verified the English level:
